

Sessa C 32

This small "Yacht-cruiser" will have no reason to envy its predecessors C35 and C38. Despite its well-contained dimensions, it will be spacious, luminous and ergonomic, offering the high-quality design and materials that are now recognized as Sessa's trademark. It is distinguished by its intelligent sunroof that does not infringe in any way on the line of the boat, uncommonly svelte for a vessel of this size.
